WESTMORELAND COUNTY, PA
BEHAVIORAL HEALTH
RESOURCE GUIDE

The purpose of the guide is to help identify appropriate behavioral health ancillary services available for HealthChoices Members residing in Westmoreland County.

This guide was prepared primarily for individuals and families residing in Westmoreland County who are members of the HealthChoices Program—the managed care program for individuals who have the Pennsylvania Department of Human Services Medical Assistance ACCESS card.

Members of the HealthChoices Program usually know they are members and have received a Member Handbook from Beacon Health Options of Pennsylvania (their managed care organization). This directory lists many county-specific and nonprofit resources that may be helpful in HealthChoices' members recovery journeys.

You may also visit Beacon Health Options of Pennsylvania's website at pa.beaconhealthoptions.com for additional health resources.
